A. Nonini Winery

1 - 2 hours

A short distance away is A. Nonini Winery. This tenured winery has a bountiful heritage that can be seen with a scheduled winery tour. During the tour, you can expect to see the "behind the scenes" features like the 1941 Garolla grape crusher, the fermentation tubs, and the finished product in the Redwood tanks. After the tour, you get to sample the wines that were made right where you walked.
