A Date to Remember

Shaver Lake

4+ hours

After an hour drive up HWY-168E, you will arrive at one of the most beautiful lakes in the county. Shaver is a large recreational lake surrounded by thick pine forests. There are opportunities for boating, hiking, camping, fishing, kayaking, sightseeing and more. With so much to do, it's going to be hard to decide what activities you actually pick. Don't forget to factor food in your plans (a picnic might work perfectly for this).

If your date loves an adrenaline rush, get some wave runners and race around the lake together. Or maybe kayaking would be a better fit for you. You can rent a two-person or single-person kayak and spend some relaxing time on the water. The lake isn't the only amazing part of this area. The hiking trails feature beautiful views of the Sierra National Forest with vast expanses of open wilderness, lush green meadows, and granite outcroppings.

So grab your date, take a drive, and amaze them with the gorgeous scenery and awesome activities. Visit www.goshaver.com for more information about the area, what to do, and many current issues. You can also check out www.shaverwatersports.com for the latest prices on renting water recreation equipment and see all they have to offer!

Roger Rocka's Dinner Theatre

1.5 hours

Leaving the lake is going to be difficult with how much fun you are having, but the day isn't over yet! Roger Rocka's is the Central Valley's premier destination for Broadway-quality live productions. The cast, Good Company Players, presents six different musical comedies throughout the year. Each one is guaranteed to entertain as you enjoy a fabulous dinner. They have options to have a buffet, serve dinner, or just watch the show. No matter what you choose, this is a date to remember! www.rogerrockas.com
