Main Event

2+ Hours

Once you had your fill, gather the group and head to one of two options. The first option is The Tower Theatre. This historic theatre is the crown jewel of Fresno’s hottest night life neighborhood where you can catch a show or an independent film. The other option is Strummer’s. This would be a great choice if you prefer to attend a concert. Strummer’s features many popular brands and the diverse crowd of people make for good company. Just make sure to plan ahead! Check out their facebook for event info.
